DETAILED ACTION

Claims 9-23 are pending in this application.

Action Summary

1. The rejection of claims 9-23 under 35 U.S.C. 102(e) as being anticipated is hereby withdrawn in view of applicants arguments in applicants appeal brief.

Statement of Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious a process for stabilizing Fosfomycin Tromethamol with substances selected from tribasic sodium citrate, tribasic potassium citrate, monoacidic sodium citrate, monoacidic potassium citrate, tribasic sodium phosphate, tribasic potassium phosphate, etc. as claimed in claim 9 of the instant invention. The closest prior art teaches a single dose formulation comprising fosfomycin tromethamine, mandarin flavor, orange flavor, saccharin and sucrose. It does not teach, suggest or disclose stabilizing the drug with the substances as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
